Edition 1

FRESCO 
Bathroom Style & Innovation

Welcome to our new 2018 Fresco Mirror Collection brochure. We have carefully selected a range of stylish modern and contemporary designed mirrors and cabinets to suit all tastes and budgets. Our products are designed and manufactured in Europe to the highest specifications using only the finest materials so you can have peace of mind choosing our products. All mirrors conform to modern safety standards and are highly energy efficient. Along with supplying mirrors for the domestic market, we have completed several commercial installations such as hotels and schools. We offer a bespoke design service on mirror requirements for larger scale projects. With over 30 years experience servicing customers in the Irish market, we look forward to continuing to offer our customers the highest level of customer care and service.

Since 1967 when Smedbo was founded the company has developed immeasurably from those humble beginnings in Helsingborg.

Smedbo today is the market leader in Scandinavia, sells products all around the globe and has a major market share in Europe and in the USA. The success has been built on extensive technical product development coupled with contemporary Scandinavian design.

The Smedbo range is extensive covering several distinctive and contemporary styles. Most lines are engineered in solid brass to the highest tolerances and available in different finishes, and then protected by a unique highly transparent lacquer for ease of care. Smedbo products represent the pinnacle of engineering, the latest in modern design and come with a 10-year warranty.

Smedbo Bathroom products are manufactured and tested to the highest quality standards. Extensive care and efforts have been made concerning quality of material, production control, design and function. Smedbo Bathroom products are guaranteed to be free of defects in function for 10 years from date of purchase
